ROBUST PORTER

Most New Englanders have a special place in their hearts for the traveling carnivals and fairs that roll through every fall. Maybe you love the smell of the crisp fall air mixing with the sticky scent of candy apples over sawdust. Or maybe you had your first kiss under the fairground lights at dusk. Or maybe you're determined to show off your inner strongman and ring the bell at the top of the high striker. No matter the case, they remain a symbol of nostalgia and youthful exuberance, a beacon to another time.

For the traditionalist, the sentimental at heart, we offer Robust Porter, our take on a style of beer that, like these carnivals, has remained impervious to trends, stalwart in the face of change. One gulp and you'll be teleported to a simpler time. To that, all we can say is, Cheers.
