CHERRY CHEESECAKE SOUR

Grandma Charlie has been baking (brewing) again! **Cherry Cheesecake Sour** is a premium sour that drinks silky smooth, with a creamy texture thanks to lactose and vanilla and a delicious pop of tartness from the cherries. This is one beer you'll definitely want cooling on your window sill.

Cherry Cheesecake Sour, like all Smuttynose sours, represents years of kettle-sour brewing expertise, meaning it's safe for your draft lines without sacrificing any flavor or quality. And as always, we proudly feature 100% real ingredients.
