

Plymouth State  
UNIVERSITY

# PANTHER IPA

We here at **Smuttynose Brewing Co.** have a love for all things New Hampshire. That includes our fine educational institutions, like **Plymouth State University**, where some of us spent our formative years.

To help further that bond, we've partnered with Plymouth State to develop a collaboration beer known as **Plymouth State Panther IPA** - brewed with a unique blend of hops, it is bold in both flavor profile and aroma, offering notes of citrus and pine and a satisfying bitter kick to top it all off. This is one beer that can be enjoyed anywhere from the Pemi to the Seacoast. So raise a can to your Plymouth memories and take a sip of Panther pride!
