

Since 1971, **The Common Man** family of restaurants has been serving the New Hampshire community with honest food at an honest price, all in the name of bringing good people together under one roof and ensuring they leave happy and satisfied.

In this spirit, we're immensely proud of **Common Man Ale**, our light and crisp namesake beer that's been expertly brewed by our friends at Smuttynose Brewing Co. since 2002. Humble yet full of flavor, authentic and reliable, it's everything we stand for swirled into a delicious brew perfect with a meal or all on its own.

Look for it now at all of our restaurants — and in 16-oz 4-pack cans at select New Hampshire locations!
